Sea Summit: Poems

Synopsis

Influenced by both the gray, sinister sea • near the village where Yi Lu grew up during the Cultural Revolution, and the beauty of the sea in the books she read as a child, *Sea Summit* is a collection of paradox and questioning. The sea is an impossible force to the poet: it is both a majestic force that predates man, and something to carry with us wherever we go, to be put by an ancient rattan chair, • so we can watch its waves toss • from above. Exploring the current ecological crisis and our complicated relationship to the wildness around us, Yi Lu finds something more complex than a traditional nature poet might in the mysterious connection between herself and the forces of nature represented by the boundless ocean. Translated brilliantly by the acclaimed poet Fiona Sze-Lorrain, this collection of poems introduces an important contemporary Chinese poet to English-language readers.
