## **Customer Reviews**

This was a magical and inspiring poetry book. Short poems. Various topics. The book itself has 160 pages between its beautiful black and gold covers. Nikita Gill knows how to make words flow so that they inspire and provoke emotion! If you need to find healing and peace on your journey, I recommend this work. I really enjoyed this book. Wish it was longer!!\*FTC DISCLAIMER: I won this book from a Goodreads Giveaway!\*

Oh man, where do I even start with this book? I bought this on a whim to read as I was resting for the night, and I do not regret it one bit! Everything about the poetry in this book is amazing, heart breaking, and soul searching. It will lift your spirits on your darkest days. I want to thank the author so much for writing this, as it's something I will be rereading a lot! Always remember, everything about you is important. You matter.

This was great. I have re-read it 3 times already, still feeling each word, as it brings back memories, makes me think on bettering my self, and making me smile along the way with tears in my eyes, some happy some sad but full of reflexion.

Wow. This is amazing. Strongly recommended to all poetry lovers. This is the kind of work that speaks to you the first time you read it. This is the kind of poetry that moves you into writing.

I won "Your Soul Is A River" on Goodreads First Reads. I love poetry and Nikita's book is amazing. Every poem is soul-stirring and fabulous. I will treasure this book and reread it often.

Normally I'm not interested in poetry but I have never read something so powerfully within my own place of grief and heartache. I cried for every piece and let myself be at peace like a river

A lot of the same imagery is used, which is amplified by the fact that the book is divided up into sections. Ie/ the concept of chaos as bones is mentioned several times. Nice read.

I really enjoyed this work. Poetry often seems disconnected, but this really tells a story. It reminded me that my writing matters and I should be using my expression more!
