Why color flowers and butterflies when you can take your stress out with real F-bombs and curse words that mean something! Printed on one side only, there are 22 unique designs repeated twice, the first half of the book has swear word captions and the second part of the book has the same pictures with blank spaces so that you can write what you want in the caption. See if you can come up with your own curse words. This is a larger coloring book for adults that measures 8.5" wide x 11" in height, it's a good size for you to work so take out your pencils, pens, crayons or any other art medium you want to use and get busy. Customer Reviews

Bought this for my sister for her 50th birthday. She got a good laugh out of it. Tone is sarcastic not lewd.

Fun! I enjoy the "DIY" word bubble pages; I've colored those and given to friends with inside jokes. If using markers, they will bleed through to the page underneath.

Bought this for a friend who was stuck in bed for a long time. She thought it was funny. I should've had more damn swear words though!
