Examples & Explanations: California Community Property

Synopsis

A favorite among successful students, and often recommended by professors, the unique Examples & Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples & Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples & Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with ALL the major casebooks, suits any class on a given topic provides an alternative perspective to help you understand your casebook and in-class lectures

Customer Reviews

The com prop case book assigned for my course was almost unbearable. Thankfully my professor also assigned us this book, to help guide us through community property. This little book was a life saver - very clearly written, it lays out the black letter law and the gives examples and explanations it a manner that is very easy to internalize and understand. When I get closer to the BAR, this book and I will definitely start to spend some more quality time together.

This is the book you need if you're behind and need to get up to speed on the topics covered so far. It's clearly written, easy to understand and damn useful. Like most E&E's. But it's not going to cover everything, just provide the building blocks, I definitely needed to go back and review my notes/book to fill in gaps and all that extra minutiae professors throw in. In the end, I recommend it.

The third edition of the Community Property E&E is riddled with typos. It is very clear that some of the numbers used in the Examples were updated in this edition, but those updates did not translate to the Explanations. When I buy an Examples & Explanations, I expect more from Aspen Publishers. I'd like to be able to confirm my own work product, not correct theirs. Perhaps try the second edition if you want a better edited read.

Great book! My Cp professor was confusing and this book is a life saver in explaining concepts for me. I would definately recommend it!
