This book was formerly published under the title "Being a Dad who Leads." I say that just so that you don't buy both books, thinking they are different. It's a great book for dads or for a small group of men to read through. It's easy to read and lends itself to great discussion questions. A lot of modern books on parenting seem to complicate the issue, but the Bible gives very clear commands for dad and what their priority should be. If you love the Bible and want to be a biblical faithful dad, you'll enjoy this book and be motivated to God's calling on your life.

Ordered the book and brought it to men's group...Now it's our study for the next 6 weeks...LOL....Short and to the point this book teaches out of Ephesians 4:6 "Don't tempt your children to anger but bring them up in the Lord"...Definately worth the read and makes for some awesome group discussions.

awesome book, my husband's men's group is reading it and what a blessing!
