STEM Labs For Middle Grades, Grades 5 - 8

Synopsis

STEM Labs for Middle Grades offers activities that challenge students to apply scientific inquiry, content knowledge, and technological design to solve real-world problems. An excellent addition to your curriculum, this supplement will help cultivate students' interest in science, technology, engineering, and math. Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, this product line covers a range of subjects including math, science, language arts, social studies, history, government, fine arts, and character.

Customer Reviews

Wonderful ideas and activities that transitions across the curriculum creating positive collaboration between teachers and students.

Most projects are about Science, not much Maths involved

I think my class will really like the activities in this book. This will be my first time teaching a STEM class, very excited!

Great for the homeschool kid or family! Lots of fun things to do that initiate learning!

Great ideas
