Practical useful tips on what to eat when you have diabetes or wanted to prevent diabetes. There are juice recipes, list of fruits, and list of 25 superfood that can reverse diabetes. According to the author, this list of 25 superfood is only an example. There are many other ones if combined correctly, can bring infinite benefits. It will be good if the author can show what is the best combination of these 25 superfood for maximum benefits. At the last chapter of the book, there are easy to make recipes for diabetes patient. One minor things to note in here is that the bolding for the text fonts a bit irregular.

Diabetes Black Book by Jasmin Lynch provides extensive knowledge for someone with diabetes. It reflects the phenomenal rise in the number of people who are being diagnosed with the condition. this book can be used by the newly diagnosed, or someone who just wants to find out more about what a diagnosis of diabetes means. The clear chapters and step-by-step approach allow the reader to locate and take in the information quickly. Personally, this book helped me a lot especially that my mom is also a diabetic patient. I love the last part of it where there is an informative text packed with mouth-watering healthy recipes. All in all, this book is one of the best Diabetes books I've read.

Maintaining a healthy diet is very important, especially if you have diabetes. I bought this book specifically for my mother because she has type 2 diabetes. She started to buy some of the foods mentioned in this book, and to my surprise she started get better. Her doctor is also very proud of her changing to a better diet. I highly recommend this book for everyone suffering from diabetes but I also think it is important for the general population to know something about this disease.

Diabetes is a serious illness. And paying more attention to the food you eat can reverse you from having this sickness. This book gives awareness to the readers about this disease. Proper source of information is duly provided together with the tips and techniques to manage it. Also, you will not starve as the author also provide tasty, healthy and easy to prepare recipes. So, as early as now, choose the right food and let's reverse diabetes. This is truly recommended for all.

Very informative and useful book for people like me with not much knowledge of diabetes. I have

relatives who are suffering from this disease and itâ™s good that I can share this with them. Itâ™s a good guide book on choosing foods and beverages that can reverse diabetes naturally. And I like that includes a lot of delicious recipes that can help us fight diabetes.

This is a good book for someone with diabetes and for those who don't want to get the disease. It is a wide known disease that can be prevented by proper diet and exercise. This book written by Jasmin Lynch offers 25 list of foods that will surely fit the tastebuds if diabetic people. I know a grandmother of a friend who is diabetic and still refuses to eat the correct amount of sugar intake and indulges to wrong food. Now, her foot was taken off. Sad but true. All because of poor eating habits. So, I'd like to share this book with my friend for her grandma not to worsen.

Since diabetes a very dangerous illness this book is a good guide list. The book provides useful information regarding diabetes. From types and symptoms of diabetes and what foods and habits cause diabetes. Upon reading this book, I can say, this is a big help, especially for those people who have this disease which is not yet worse. So, there's still time for treated.

The list of recipes in this book is a great tool for anyone with diabetes; it allows you to still eat great tasting deserts and continue to live a healthy lifestyle with diabetes. Another good idea brought up was the list of 25 superfoods. These are so popular nowadays and the list is a great way to get you started incorporating them into your diet to cope with your diabetes in a healthy and tasty way, let alone all the other health benefits. A simple guide to diagnosing diabetes at the beginning of the book is useful for anyone worries about their health in this way.
