# Volo's Guide To Monsters

## Synopsis

Immerse yourself in monster lore in this supplement for the worldâ™s greatest roleplaying game Â This is NOT just another Monster Manual! Voloâ™s Guide to Monsters provides something exciting for players and Dungeon Masters everywhere. Â A deep dive into the lore behind some of D&Dâ™s most popular and iconic monsters Â Dozens of monsters new to the fifth edition to include in your epic adventures Â New playable races to allow you to build characters to fit nearly any type of story in your D&D game. Â The esteemed loremaster Volo the Hated is back and heâ™s written a fantastical dissertation, covering some of the most iconic monsters in the Forgotten Realms. Unfortunately, the Sage of Shadowdale himself, Elminster, doesnâ™t believe Volo gets some of the important details quite right. Donâ™t miss out as Volo and Elminster square off (academically speaking of course) to illuminate the uninitiated on creatures both common and obscure. Uncover the machinations of the mysterious Kraken Society, what is the origin of the bizarre froghemoth, or how to avoid participating in the ghastly reproductive cycle of the grotesque vargouille. Â Dungeon Masters and players will get some much-needed guidance as you plan your next venture, traipsing about some dusty old ruin in search of treasure, lore, and letâ™s not forget ... dangerous creatures whose horns, claws, fangs, heads, or even hides might comfortably adorn the walls of your trophy room. If you survive. Â Research has never been so dangerous!

## Book Information

Hardcover: 224 pages

Publisher: Wizards of the Coast (November 15, 2016)

Language: English

ISBN-10: 0786966017

ISBN-13: 978-0786966011
