## Customer Reviews

If you've read Hollywood Warts and All volume 1 and 2 DO NOT waste your money on this book!!! It's the same thing repeated just in a different format. The spelling errors are annoying!!! Very disappointing

Nothing very new. If one did not know any gossip then I guess it was informative. Overall mediocre. I would recommend you get it from the library not pay good money for it.

I would recommend this book and like this author and his interpretation of what a t happened so many years a go!

I really enjoyed reading these bite sized bits about lots of Hollywood people. It peaked my interest in finding out more about a few stars, so I look forward to delving into more in depth bios about them.

Perfect tell all with lots of new material. Love the old Hollywood tell alls; fits the bill. Read it right through.
