Customer Reviews

As a vegetarian and a lover of Thai food, this was an instant purchase for me. What better way to learn to cook than from a native Thai?! There are countless tasty recipes with using amazing fresh ingredients. These are mostly easy to find ingredients that are affordable. You don't need much money to eat well! The best part was reading about the health benefits of the meals at the end of each recipe. I was just expecting main meals, but there's even a tasty desert recipe included at

the end. Iâ™ve already been impressing my partner with some of these brilliant recipes.
