The Love Chronicles

Synopsis

Andrea à œAndieâ • Williams and Dexter Robinson have known each other since they were in diapers. While their parents are the best of friends, the two are barely even acquaintances. While Dexter is the most popular guy at Williamson High School and only cares about which girl he will sleep with next, Andrea is focused on getting into her dream college, Yale. When they are placed together for an unlikely project, the two have to come together not only to pass their class, but also graduate. With a series of events surrounding them, they both realize that their first experience at love could be with the person who was right in front of them all along.

Enjoyed Andie and Dex. Friends since they were in their mothers womb. Everyone knew how they felt about each other. The only two that was surprise by them getting together was them. It takes a school assignment to bring out their true feelings. Loved her best friend Mashawn. Don't want to give away too much of the book. Look forward to next book.

It was a very good book from the beginning to the end I would recommend it to everyone who

enjoys a good love story.

Love this series. Nice to read about the next generation. Thought Andrea had tunnel vision with her studies and not living life as a teenager should. It's nice to have goal and a plan but she was on the extreme side of things.

I WAS HOOKED FROM THE VERY BEGINNING AND I COULDN'T PUT IT DOWN!!!! I'M SO GLAD THAT ANDIE AND DEXTER FOUND THEIR WAY TO EACH OTHER AND I CAN'T WAIT TO READ THE FOLLOW UP TO THEIR STORY!!!!

Love the continuation of this series. Like the other book kept me up at night reading. Waiting for the next book!

Believable plot and storyline. Strong family ties well represented. The importance of school and lifelong education stressed throughout. No sex for those who wonder.
