Customer Reviews

Self love was the most important message of his book. Self love is a basic foundation; it is the roots that ground you, without that, one can find themselves in horrible situations. Yes this is a good book for someone who is struggling with codependency. Read this book, internalize and absorb the information. If you happen to stumble upon this book, it is for a reason.

Thank you Emilia I really enjoyed reading your book, honestly I didnâ™t experience toxic relationships in my life (and hopefully I wonâ™t) but I was struggling with fostering ones that last I needed to try something different and so I stumbled upon your book, we all experience codependence in every way in life whether it be seeking attention from someone else and in return you give power to that person and so you become an easy target for predators or forming a harmful habit that makes you forget your problems in real life and gives you a false and temporary happiness which eventually leads to addiction, you need to be able to set boundaries, control your emotions and love yourself. I believe this book is a perfect guide if you want to get rid of those habits. Very good read I highly recommend it

Always we learn reading books. In this case this happens with this book.
