NYC Subway Survival Guide

Synopsis

The New York City subway system can be an overwhelming experience for anyone. Whether you're a newcomer or a native New Yorker like myself, it takes a lot of time to master the system. This concise guide reveals the most important (and unwritten) rules of etiquette and safety in the subway system. You'll learn about the most efficient ways to physically navigate the system, and many of the do's and don'ts that will help you stay safe. The guide is divided into different stages of your subway journey:â ¢ Introductionâ ¢ The NYC Subway System at a Glanceâ ¢ Entering the Subway Systemâ ¢ Waiting on the Platform for the Subwayâ ¢ Getting On and Off the Subwayâ ¢ Standing or Sitting On the Trainâ ¢ General Flow Tipsâ ¢ General Information Tipsâ ¢ Conclusion After completing this guide, you'll be able to navigate the NYC subway system with confidence and efficiency. I hope to see you out there!-Walter Kennedy

Customer Reviews

Kennedy has written down what all us New Yorkers know unconsciously about navigating the New York City subway for those who are not so aware. A gem of for both the tourist - imparting real knowledge and for those of us who appreciate reading a well written description of something we

encounter everyday: our love/hate relationship with the subway.

Common sense information only is included. No maps or actual valuable information. Waste of time. I do not recommend this read.

It doesn't make sense.
