## Customer Reviews

CoQ10, vitamin B12,Zinc are good ideas.... Some of the idea's are far fetched. Got my tinnitus from taking 800 mg of ibuprofen 3 times a day after an injury. It has never went away. I listen to sounds of the Ocean at night to mask the ringing and play the radio in the day.

More of a pamphlet than a book, this short read gets right to the causes and treatments of tinnitus. The treatments may or may not work but it's all good, healthy advice.

Well most of the time you are so much off and just wanted to know what happened to you, I have came across this book and know what this is actually called and how i can get rid of this, applause to the writer for my health.

This was a very short but informative book. I have had this problem for a while and was excited when I saw this book. Thank you for taking the time to write about it.
