An Incomplete Book Of Awesome Things

Synopsis

A celebration some of the worldâ™s most universally awesome (but perhaps overlooked) things: masking tape, tunnels, lava, argyle, elbows, and more. The incomplete compilation -- featuring beautifully minimal, vibrant illustrations -- was designed to boost kidsâ™ vocabulary, share giggles, and spark conversations. You decide whatâ™s awesome and whatâ™s not â” mauve? kiwis? snakes? â” and come up with your own additions to the never finished list.

Customer Reviews

My daughter loves loves this book! She points and giggles all the way through.

Beautifully designed and so simple. I love Children's books that delight children as much as adults and this one does just that.

The book itself is adorable! The only issue I have is that it's listed as a hardcover but it is actually a board book.
