## Customer Reviews

I mean I have to have this for class so what is there to really say? Easy to navigate and easy to understand so no reason not to give it 5 stars.

Has UCC, as well as all the USC and other codes for law school payment systems classes. Boring and mostly useless outside of a class.

This is a collection of statutes; no explanation or analysis. if you must buy it for a class, you must buy it.

Straight forward code book. Great for looking up specific codes for reference .

Needed for a class in law school. Arrived fast and was exactly what I needed.

The book was very informative. Although used it looked practically new.

Good reference source for law students and practicing attorneys.

Great product; speedy delivery
