Problems And Materials On Commercial Law (Aspen Casebook Series)

Synopsis

Clear, lucid, and extremely accessible, Problems and Materials on Commercial Law helps students understand black letter law and the statutory language in the Uniform Commercial Code. Concise yet comprehensive coverage includes the most recent case and statutory developments in all fundamental areas of Commercial Law, including sales, payment systems, and secured transactions. A sensible, flexible organization follows the order of UCC Articles 2, 3, 4, and 9, and is adaptable to many teaching styles. Drawing on experience in both teaching and writing, the authors provide thorough and practical coverage using a popular problem approach. The text's effective format, manageable length, and inclusion of the most important cases make Problems and Materials on Commercial Law concise and efficient.

Customer Reviews

There are no page numbers in this E-Textbook. As much as I would prefer the kindle edition, I will be returning it to purchase the print edition. I'm assigned a reading starting on page 48 today, and I am having more trouble than I should figuring out precisely where page 48 is. Seriously, page numbers should be the first thing they did, right after making words. Bad job, publisher.
