Synopsis

From Gettysburg to the Rapidan: The Army of the Potomac, July, 1863, to April, 1864 is a narrative that was intended to form the first part of Vol. XII of the Scribner Campaigns of the Civil War but was necessarily excluded from the said volume by its bulk. EXCERPT FROM Gettysburg to the Rapidan: The Army of the Potomac, July, 1863, to April, 1864 The contents of this volume were intended to form the first part of Vol. XII. of the Scribner Campaigns of the Civil War. But they were necessarily excluded from that volume by its bulk. The brevity that characterizes Volume XII. will also be found in this narrative, for I have had no time to change its character. Properly, its publication should have preceded that of Vol. XII. The information needed for the preparation of these chapters was fuller and more readily obtained than that required for Vol. XII. I am under obligations to the Secretary of War for making accessible to me all the papers of his Department relating to the War, and to Genl. Drum, Adjt.-Genl.; and to Col. Scott, in charge of the preparation of the "Official Records of the Union and Confederate Armies," for publication, and to the gentlemen having charge of the suboffices of the Adjt.-Genl.'s Department. A. A. HUMPHREYS. June, 1883.

Customer Reviews

There are remarkably few indications of the re-publisher on this volume. Save for the new binding, glossy cover, and crisp pages, a researcher would not realize this was a reprint of a 100+ year old book. Written by the Chief Engineer of the Army of the Potomac (promoted right after Gettysburg), Andrew Humphreys details the movements of the AoP from Gettysburg to the line above the Rapidan (so from July 1863 through March/April of 1864). This is a must have for anyone interested in what happened between Gettysburg and the Wilderness in the eastern theater and the reproduction is very good - there is no editing. Not a narrative, in any regard, but a very important and detailed reference work.
