Best Sellers Rank: #39,787 in Books (See Top 100 in Books) #18 in Books > Cookbooks, Food & Wine > Beverages & Wine > Coffee & Tea

## **Customer Reviews**

Great find! I love the design. Small, thin book so it is inconspicuous, and doesn't scream what it is. It looks like a little planner actually. Alphabetical organization of numbers, but my ditzy brain needs to put some things under two different letters in case I forget what I put it under originally! Haha

Keeps all of passwords organized and in one place. It has an area for multiple items, including a section for additional notes. There is also sections for other items such as credit cards, software licenses, networks, etc.

This is a great little book. I gave it to my friend as a gift. I checked it out before giving it to her. It is a place to keep all your internet information without losing it all. It is quite a handy organizer!

Just what I wanted

Lots of pages and gives you plenty of room
