He Smokes Like A Fish And Other Malaphors (Unintentional Idiom And Word Blends)

Synopsis

The term "malaphor" - a combination of "metaphor" and "malapropism" - was coined in 1976 by Lawrence Harrison, a senior executive in the State Department. Harrison found gems in endless bureaucratic meetings, such as "he said it off the top of his cuff" or "odon't rock the trough." Author David Hatfield has been collecting malaphors for over thirty years. His offering to language enthusiasts everywhere, "Malaphors (Unintentional Idiom and Word Blends)" is his offering to language enthusiasts everywhere. Malaphors know no bounds. From the man on the street to President Barack Obama, a truly diverse array of people is represented within these covers. Hatfield has mined for malaphors in every imaginable venue: movies, television, sports, music, the internet, at work, and on the street. People from all over the world have shared gems on Hatfield's website. So sit back, put your feet up, and enjoy this truly unique collection of verbal play and mix-ups.

Customer Reviews

I don't know what gives me more pleasure, the malaphors that David Hatfield shares - "they've been known to make me snort" or his insightful deconstructions. To read this book is to revel in the infinite variety of ways the human tongue gets twisted around the axle.

This was a fun and witty book. Being that my English is my second language, I can definitely identify with many of the malaphors... Great and easy read. Entertaining, witty and, at the same time, gives great background information on the origin of the "correct" idiomatic expression. It is well written. Highly recommended!

If you enjoy language and what we who use it sometimes do to our native tongue, you will delight in this collection of mixed expressions. They are hilarious. The author has a keen, intelligent sense of humor. Well worth a read.

Absolutely entertaining, light read of examples of how John and Jane Q Public mangle common expressions. Makes a perfect small gift for those who appreciate the language..

I can say with total conviction (and trust me I've had many convictions), this is the funniest book I've read all day! I laughed till I died.

Who knew there was someone out there hearing the same mangled metaphors and idioms as I do, and keeping track of them! I thought I was the only one screaming at the TV when these things happened. Not so! And now there's a book of the best, or worst of them. It's delightful. If you love the language, and every time a news reader or talking head blows it, you gnash your teeth, this is the book for you. It's right up your bowling alley.

One of the funniest and wittiest books I have ever purchased! Perfect for a coffee table, bathroom, or gifts for your friends. David Hatfield really knocks the ball out of the water.
