# The Art Of Setting Up WordPress 4.6 [2017 Edition] How To Build A WordPress Website On Your Domain, From Scratch, Even If You Are A Complete Beginner

# Synopsis

To simplify the learning process of WordPress, I've setup this course based on common tasks. We'll begin by setting up WordPress and getting familiarized with the admin interface. Then, we'll create posts and pages and add media items like images and videos to them. We'll take a glance at how to customize the appearance of your web site with themes and how to extend the functionality of WordPress with plugins. And, to cover everything, we'll talk about user management, advanced settings, security, and getting readers to your site.More than anything, this course is built to get you up and on your way with your own WordPress site. You'll learn how to master everyday tasks.

# Book Information

File Size: 3950 KB

Print Length: 66 pages

Simultaneous Device Usage: Unlimited

Publisher: Nina Fortner (August 26, 2016)

Publication Date: August 26, 2016

Sold by:Â  Digital Services LLC

Language: English

ASIN: B01L33JUF8

Text-to-Speech:  Enabled

X-Ray:     Not Enabled

Word Wise: Not Enabled

# Customer Reviews

An excellent, up-to-date introduction to how to setup WordPress manually. Good for beginners who have little or no experience with website creation, as well as for those with some familiarity with HTML, CSS and PHP (the basic building blocks of WordPress).I've read the book from start to finish, and am combining it with an online video training course. In sum, a very well-written,

well-organized learning tool, recommended to everyone.
