Where In The World Did All Those Silver Coins Come From?: Cherry Picking The Silver Coins Of The World For Fun And Profit

Synopsis

Using this reference tool will facilitate the study of World Silver Coins for the beginning collector to the veteran Numismatist, always with a view to making a bit of extra money in the process. This book is not intended to replace the standard reference tools currently on the market. Those mammoth tomes are very thorough, and have their place. The value in this book is having a thorough work vetting World Silver Coins from approximately 1870 to 1970, in a size that can easily be carried by hand or in a briefcase to a club meeting, to a coin show, or to an appraisal, or simply at home with Grandfather's hoard. The reader will often be alerted to the designs, denominations, and dates of the rarest coins to retain for further study (and profit!). Conversely, those coins which do not have numismatic significance still have value in today's market as silver bullion, and this book provides the tools for the method of determining just how much one can expect to receive when remitting the coins to reputable dealers.

Book Information

Paperback: 40 pages

Publisher: CreateSpace Independent Publishing Platform; First edition (July 31, 2016)

Language: English

ISBN-10: 153683002X

ISBN-13: 978-1536830026

Product Dimensions: 8.5 x 0.1 x 11 inches

Shipping Weight: 5.4 ounces (View shipping rates and policies)
