Customer Reviews

I ordered and quickly received the CPCE Study Guide: Exam Prep and Practice Test Questions for the Counselor Preparation Comprehensive Examination. This product was well thought out and was

given the time to be designed correctly for the right needs and for the right things. It even comes with the right amount of information and instructions that will show and explain how to use the product accordingly and correctly. I personally got this for myself but I would highly recommend as a gift to anyone! I just want to say that the quality and presentation was really outstanding and shows every inch of effort knowledge was put into this product and all the other products manufactured by this company. I was very impressed and pleased with the packaging and display, I had no problems at all with delivery. The item was overall great, it worked exactly how I wanted it too and it was just basically a perfect match. So, all said and done if I ever need an item like this again I will definitely be purchasing this particular product again! I received this free or virtually so for product testing and review. I am under no obligation to provide a positive review and receive no incentives or rewards for doing so. My aim is to highlight features and drawbacks that I would want to know about as a buyer, not hype the product for the manufacturer. I enjoy doing this and feel I am helping hundreds of people to make a decision on purchasing items on a monthly basis! My remarks are sincere and my own. I work very hard trying to write insightful and thoughtful reviews for each item. My hope is that these reviews are helpful to others. While it is true that many items are received at discounted rates or complimentary, my reviews are completely honest and are my personal experiences with the product.
