As luck would have it, I met Dr. Bob Bacher while traveling in Costa Rica. He introduced me to the amazing art of Tai Chi. I say amazing, because the more I learn about Tai Chi the more impressed I become with Tai Chi- it's history, and it's ability to be used as a healing tool for life. Tai Chi is a very un-assuming and impressive martial art that can empower women or anyone willing to spend a little time learning it. This book is no doubt a great start to Tai Chi. Also, In my opinion, there is no one outside of the few great Chinese Tai Chi masters still alive, that has the experience and knowledge like Dr. Bob. He has attained this mastery through his extensive studying and years of daily practice! Rey SernaSeattle Washington

This is a good introduction to tai chi for anyone who doesn't have access to a qualified teacher, or someone who doesn't have the time to take a class. I practice a different style of tai chi and plan on including some of these exercises in my practice.

As a personal trainer with a very diverse clientele, I can say that the tai chi skills I have learned under Dr. Bob Bacher have been essential in taking my clients to the next level in their health. Whether it's in the power of intention, balance, or simple mechanics of movement, I often refer to my tai chi training. In addition, as a body builder, the skills I have cultivated thus far have helped tremendously with mind to muscle connection, intensity, focus, and posing in competitions. Bob Bacher is a wonderful teacher with many years of teaching experience and lifelong dedication to the practice of Chen style Tai Chi. I personally had the opportunity to participate in his classes when he was in Alaska 2015. His focus and presence lends him to be an expert who can deliver it in this media form. Practical, simple, focused, grounding. Relaxing!Practice, practice, practice....just 10 minutes a day! Thanks for doing this Bob!Rande

For those of you who are curious about Tai Chi, Dr Bob Bacher's book, How to Tai Chi in 10 Minutes a Day is a great place to start. It is evident that Tai Chi is a passion for Dr Bacher and he gives great tips on how to implement this amazing practice into your life. Of course this is just a beginning to something that is life changing, but a great beginning.
