This is another hit for Tabitha Barnett! The book is well laid out & I have really got in to the dark backgrounds! Tabby has quickly became my very favorite artist. She has all kinds of pages in each book. Lots with detail & then always some pages that will allow you to mindlessly color & relax!! Can't wait to see what she does next! Whatever sign me up!!!

I love the butterflies in this book. They are imaginative with enough detail to give some guidance but not too much little clutter to try to color. The pictures have a very nice natural flow to them. I highly recommend this book. Well worth the cost.

I wish I could give this more stars! I just love the pictures in this book. Regardless of how you color

them, they still look beautiful. She is such a talented artist. I've also colored her mandalas and they are the same way. This book would be great for any step of colorist. It doesn't matter if you are a beginner, intermediate, or expert - you will love this book! I've only colored a couple pictures so far from my PDF version, but I can't wait to get to the rest. I received the PDF version of this as part of a contest. I will definitely be ordering more! Considering I received this as a PDF, I can't speak to the paper quality of the book. But as far the quality of the art, absolutely magnificent!

Love her style of whimsical butterflies, florals and mandalas. I have my eye on this artist. If you buy her books you will not be disappointed.
