Customer Reviews

If you want to truly enjoy the experience of using fire stick and master it then in this case this guide serves you this purpose. It teaches you different features of this device and makes your experience worth your while.

Don't waste your time or your money. This book is a complete joke. I was under the impression that it would give some useful tips on how to add more movies or tv shows and just more bang for the buck but what a letdown. I read the entire book in less than 5 minutes. I already knew what the book offered merely by using firestick for a few days.

Amazing, This is the ultimate user guide for Firestick HD. From beginner to expert this guide recommended to everyone who wishes to master Firestick. Really comprehensive and easy to work with.
