Customer Reviews

I'm a BIG fan of slow cookers. :-) As an award-winning cookbook author and avid cook, I'm always on the look-out for more ways to use my slow cooker. The title and cover of this cookbook really intrigued me, what a great idea to bake all kinds of sweet goodies in the slow cooker too, not just what most cooks usually equate with slow cooking like: stews, soups...etc. The pluses: The presentation in this book is outstanding! Beautiful full color photos accompany each recipe. I always appreciate that and many of these photos make me (really) hungry, just looking at them! :-) The variety of recipes presented is excellent too. Everything from squares, cakes, pies, crisps and cobblers, pizzas, puddings, breads... The instructions are simple and would be easy to understand by most cooks, experienced or not. A few of the recipes that really piqued my interest include: Raspberry Almond Bars, Crockery Oatmeal Bread, Rhubarb Sour Cream Cake and Artisan Bread in a Crock. I'm taking off one star as I thought the author did not explain in enough detail the do's and don'ts of baking in a slow cooker: materials best for the pans to use, in the cooker, placing the pans in the cooker correctly (always raised on a trivet etc or not)... I also thought that making 4 large muffins in a slow cooker was a bit silly. When I make muffins, I want a BIG batch, that will last for several days. Let's face it, some things are not workable in a slow cooker, I think muffins are something best left for a conventional oven. Overall though, I'm happy with this cookbook and I know I'll be referring to it for many years to come.
