Customer Reviews

Because of the cover and certainly the price, I hurried and bought this book. I'm a long-time cook. Yet this Bread book was absolutely far more innovative in selection than I've ever seen. It's in one

word a stunner. The recipes are like no other bread book I've seen. Bread doughs that are sweet, savory, regular, French, braids, pretzels, bagels. Along with pizza doughs, donut doughs, also included are many types of coffee cakes, and muffin recipes. This book was so inspiring to me I'm going out this week to purchase the Expressbake Bread Machine! No running out of bread and trips to the store this winter!!!

Excellent bread machine cookbook. Even though the instructions are for a specific machine, the instructions are well written and easy to follow with your own bread machine. There is no interactive table of contents which is a disappointment and I deducted one star for this reason. It is very nice to have so many fabulous bread machine recipes in one book. Highly recommend for anyone who likes to bake using their bread machine.
