Diabetic Meal Plans: Diabetes Type-2 Quick & Easy Gluten Free Low Cholesterol Whole Foods Diabetic Recipes Full Of Antioxidants & Phytochemicals (Natural Weight Loss Transformation Book 293)

Synopsis

How Can You Go Wrong With Superfoods-Only Diet?FACT:Way too many of us live in a state of poor health, lethargy and moderate obesity. We live with headaches, back pain, inflammation, arthritis, high blood pressure, high cholesterol, diabetes, skin problems, insomnia and cancer â “ theyâ™re all the byproducts of modern western diet, based on processed food. Superfoods are foods and the medicine and they can help with all these symptoms!!Diabetic Meal Plans - sixth edition contains 6 week meal plans with recipes for Diabetes Type 2, created with 100% Diabetic Superfoods ingredients. Most of the meals can be prepared in just 10-15 minutes. Each recipe combines Diabetic Superfoods ingredients that deliver astonishing amounts of antioxidants, essential fatty acids (like omega-3), minerals, vitamins, and more. âœOur Food Should Be Our Medicine And Our Medicine Should Be Our Food.â • - Hippocrates 460 - 370 BCThe best thing about Superfoods Diabetic Lifestyle is that it will keep your appetite and cravings under control and it will balance your hormones. It's nearly impossible to lose fat if your hormones are out of balance. Superfoods Diabetic Lifestyle works because itâ™s return to the type of food your body naturally craves and was designed for. Whole foods Superfoods is the food humans consumed for literally millions of years. Superfoods are nutritionally dense foods that are widely available and which offer tremendous dietary and healing potential. Superfoods diet forbids processed foods, hybridized foods, gluten foods and high glycemic foods. There is nothing super in any of the processed foods or todayâ™s hybridized wheat, corn, soy or potatoes. Processed food is the main reason why people suffer from inflammations and why their hormones are out of balance.Superfoods Diet is the only diet that doesnâ™t restrict any major type of food. It features: âœ Healthy Fats: Olive Oil, Nuts, Seeds, Coconut Oil, Avocado âœ Proteins: Salmon, Beans, Organic Chicken, Grass-Fed Beef, Pork Tenderloin âœ Non-gluten Carbs: Fruits, Vegetables âœ Antioxidants: Garlic, Ginger, Turmeric, Cacao, Cinnamon, Berries Superfoods are basically nutrients packed foods especially beneficial for health and well-being. After eating these superior sources of anti-oxidants and essential nutrients for only a week or two you will: âœ Start losing weight and boost energy âœ Get rid of sugar or junk food cravings âœ Lower your blood sugar and stabilize your insulin level âœ Detox your body from years of eating processed foods âœ Lower your blood pressure and your cholesterol âœ Fix your hormone imbalance and boost immunity âœ Increase your stamina and libido âœ Get rid of inflammations in your body Would You Like To Know More?Download and start getting healthier today.Scroll to the top of the page and select the buy button.

Customer Reviews

I was honestly shocked at how many recipes were in this collection. The first book gives an explanation of how the body works and dietary considerations for those with diabetes or pre-diabetes. It then gives a list of recipes for all meals and snacks. The second book has tons of slow cooker recipes and the third book, which was my favorite, is filled with decadent desserts. At the end of some recipes the author puts his notes about why certain ingredients are good for you and what they do for your body. There is also calorie information for many of the recipes. . This book will teach you exactly what you need to know about diabetes diet. I will keep it and definitely read it again and again. Highly recommended!

If you are a Diabetes patient then you must take extra care of your diet. This book is really good for this purpose. It offers you the complete meal plans for the diabetes patients. According to the author, take 5 meals in a day including snacks. The diet is really complete in nutrition as well. I am sure this book will help my mother as she is a diabetes patient.

My family has a long history of diabetes and I am try to avoid it as much as possible. I think the book is good and the recipes are healthy and delicious. I like how the recipes are meant to cater those people who have diabetes without depriving their meals. It is very helpful and I truly appreciate this book.
