## **Customer Reviews**

This is not a good study guide. It's got a lot of information, but really it's a lot of copying and pasting from the actual laws, which are very cumbersome to read through. There's no real good format or order to anything.

Poorly written. I have too been a notary for years and just went back after letting my commission

expire and wanted to get brushed up on the laws etc. before taking my exam. I actually was surprised some of his own quiz answers were wrong! Talks in circles and makes it more difficult to understand than it really is.

Good guide to taking the Notary Exam. Hopefully I will pass the exam next week and be on my way. I would recommend this book to others.
