## Divergence (Aberrant Magic Book 3)

## Synopsis

Kavon and Darren believe they finally have the life they want--a lead on Oâ™Brien, a better understanding of the failures that have plagued the team, and time to nurture the bond between them as shamans and lovers. However theyâ™ve gotten involved in magical politics, and that has consequences that neither of them could foresee. Magic is changing, and Kavon and Darren are in the center of a coming storm. In the past, Kavonâ™s only fear was that he might inadvertently damage Darren, and he is painfully aware that he has hurt his lover before. Heâ™s vowed to never make that mistake again, but new forces threaten their relationship and pose a special threat to Darren. With the danger growing more intense, Kavon struggles to find a way to protect the ones he loves and Darren realizes that the magic that gave him his heartâ™s desire could take everything away just as quickly. Magic is a double-edged sword and the two lovers have to find a way to wield the weapon before it becomes the instrument of their death.

## Customer Reviews

Divergence is the third book in the Aberrant Magic Series. Kavon and Darren are partners and

lovers and things are going well in their personal life. It's their professional life that has problems. Their talent team with the FBI has been demoralized, been betrayed, so now they're adapting once more. No, it isn't easy. The case that keeps on giving extends into this story. . . . And is eventually solved. And that situation brings a deeper look at guides, magic, and Darren finally sees and feels what his guide can do. The fear and terror Kavon has felt is now shared with Darren. At this point Darren knows he needs training and yet nothing is set up or done. Yes, Darren needs some personalized training, but there's no time. The job comes first and they rarely have time to relax and just unwind. Politics pop up but are shoved aside, new political alliances /an or / enemies are formed, and our guys forge ahead, making waves or is that names for themselves. Yes this book brings up a lot of new twists and a deeper explanation of this world and society. Change is coming. Kavon and Darren have a glimpse and what's ahead won't be easy. They're together, staying strong, and supporting each other. Their commitment to each other extends to their society and the community and their progress is being felt. All they do is show and things happen. An interesting and informative read but this story is not a stand alone - It should be read with the other two in the series. - Dan's Wifel gave this one 4 stars because it felt like series filler. It added in backstory details and setting things up for the next. If there is a next.

So the plot thickens with our 2 FBI agents...and I can't wait for the next book...I'm still trying to decide if Salema is on the up and up..I think she is but with the twist and turns you never know...patiently waiting ^

I really like this series and I enjoy the author's writing style. I'm glad that it seems that there will be more books in this series. Looking forward to the next book from Ms. Gala, in this series or anything else she writes.
