This book is one of a kind it gave ideas on how to make entire house right from the sitting room, bed room and even my kitchen with exotic but without spending more than budget. It is a good pick up especially for beginners who want to have good interior decorations but have little money to spend. Very useful are the information concerning the different colors for your home.

I liked the book because it was easy to read and understand even though I didn't take much art in school. Will help me organise and decorate my very small space bedroom. I rent a room with a roommate and I want my half to be an inspiration not a eyesore...
