Customer Reviews

This is an excellent guide for beginners and intermediate players. It shares with me the hidden secrets of Minecraft those are known only to the top level players. This book also consists of over 150 tips to help me with winning the game. I just started playing with my childrens this awesome

game 1 year ago, and really got hooked up already, and therefore I'm always looking to expand my knowledge of Minecraft and gather every little informations about it.

I love the game but it is a slightly educational with a theme for building your own house, storage, crafting and mining, it's pretty good for creative people who like to explore. This book is very helpful I learned so many new tips, secrets and also tricks to play minecraft game, 150+ unknown minecraft secret are great tips you need to know. Minecraft is a really fun game and very addictive game.

If you want to know more about this never ending magnificent game, this handbook is just the perfect one to have in your tools belt! I just started playing this awesome game 1 year ago, and really got hooked up already, and therefore I'm always looking to expand my knowledge of Minecraft and gather every little informations about it. And I found lots of good tips and informations in this book!

This is an excelent guide about minecraft. This book can help both beginners and advanced players understand the game more in order to play better. The book is filled with amazing tips and tricks that personally I didn't know. I've been playing minecraft for about three months now, and after readng this book, I have to say I understand much more than I did before. Highly recommended.

Great book, it is just what i was looking for my nephew and he really enjoyed this book! This Guide is really helpful, especially for beginners at Minecraft like him. You learn how to start and you get basic knowledge to not run into all the aggressive mobs within the game. The book also gives secret weapons that the player can use in playing the game. Great guide for a great game.

This book seems to me a rare collection on Minecraft. It shares with me the hidden secrets of Minecraft those are known only to the top level players. This book also consists of over 150 tips to help me with winning the game. Now, I am enriched with vast knowledge on Minecraft and able to impress other players with hidden secrets and tips given here.

This book is amazing. It should sell for at least \$15 so that potential buyers understand what immense value they will receive if they read this book. Everyone playing minecraft should read it. And if you don't play it, this book will make you want to start playing it. Kudos to the author!

There are interesting facts in this book. Most of them are very useful some others are not so useful. I am not a minecraft fan, so I do not know. My niece told me that.I got this book along with one other minecarft book for my niece who is a fan on her birthday. She was very pleased with the presents, this one especially.
