Best Sellers Rank: #306,414 in Books (See Top 100 in Books) #102 in Books > Computers & Technology > Networking & Cloud Computing > Cloud Computing

## Customer Reviews

This book is pretty good. I would have given it 5 stars if it had been clearer prior to purchase that it wasn't really designed for hybrid environments. I did purchase the other book "Exchange 2016 & Exchange Online: Essentials for Administrators" from the same author, after discovering it covered my specific environment, very early on in the book. I think both have value though, so I wasn't too broken up about purchasing both. So if you are pure Office 365/Exchange Online environments, this is your book. If you are running a hybrid (mix of Exchange 2016 on prem and Exchange Online), you will want Exchange 2016 & Exchange Online: Essentials for Administrators" instead.

As advertised.
