# Hard Rock Mountain: M/M Straight To Gay First Time Romance

## Synopsis

The Colorado Rockies are a beautiful place to start a relationship, but that's not what office worker Daniel Carter has in mind when he's forced to attend a company retreat to the Rocky Mountain National Park. Especially not once he meets the handsome, roguish trail guide Asher Price. Asher is convinced Daniel is gay despite Daniel's adamant denials, and seems to delight in seeing Daniel flustered. Daniel is certain he can just ignore it until the end of the retreat, when a rafting trip goes dangerously wrong and he finds himself stranded in the wilderness with only Asher to rely on. As they struggle to survive bears, blizzards, and worse, Daniel feels the spark between them growing into the flame of a love that could change his life. Even if Daniel can come to terms with his feelings, rough and tumble Asher isn't the type to settle down, and even if they find their way out of the wilderness, they may not be out of the woods yet. In a battle between love and survival, Daniel must make a choice that will redefine him, one way or another.

[Please Note: This book contains Adult Language & Steamy Adult Activities, it is intended for 18+ Adults Only. Novella, approx. 50,000 words in length. HEA (happy ever after ending). Does not end with a "cliffhanger".

## Customer Reviews

The first paragraph in the first chapter drew me in with its vivid description. The last sentence in that same first paragraph made me laugh out loud and I knew this book was going to be an enjoyable read. Daniel is 25, despises his job, loathes where he lives and realizes that there is nothing in his future to get excited about. He is basically just tolerating his life. Daniel's boss insists that he go on a team building exercise in the Colorado Rockies. Daniel tries to get out of the upcoming trip and his imagined excuses are quite humorous. He calls in sick the day before the trip but a visit from his boss, three secretaries, and a pot of minestrone soup soon âœœcureâœ• him of his invented sickness. The dreaded day dawns and Daniel sets off for the wilds of the Colorado Rockies. He ends up meeting Asher, a seemingly homophobic trail guide, who for some reason, latches onto Daniel. Asher is a trail guide....or is he? He seems to be homophobic, with his endless gay comments to âœœstraightâœ• Daniel.....but it ends up that Asher is gay, has a crush on Daniel and is resorting to the playground crush mentality of âœœPulling pigtailedâœ• to get his crush's attention. The two men, end up on a tiny, sabotaged raft on a river they were not supposed to be on and ultimately end up injured and lost. After many mishaps and arguments, the injured pair find shelter and food and end up growing closer. Daniel begins to realize that maybe he is gay....and always has been, he's just been in denial. Once again Jerry Cole's writing talent shines through in the descriptive details of the wilderness and surrounds. The misadventures of the two men leave you on the edge of your seat and the sparks that fly between the pair are both humorous and heartwarming.
