Swaying The Marine's Loyalty (Wolves Of Stone Ridge Book 36)

Synopsis

Armand Zeroni wakes up in a strange house. He doesn't know how he ended up there or even where there is. When he discovers General Jackson Parker from his base inside a room tied to a chair, Armand frees him and escapes with him into the woods. After spending an unprepared night in the cold, he stumbles across a hiker, Zakhar Kuznetsov. The handsome Russian seems mildly familiar, but Armand can't put his finger on why. Zakhar assists with first aid, food, and water, but the general's snide attitude has Armand refusing a ride from the man. Following the Russian's instructions, they make it back to the trailhead and right into an ambush. Armand is taken back to the massive estate from which he'd just escaped and learns the people living there believe they are vampires and shifters. Zakhar explains why they captured the general, but after being lied to by the man "attraction aside" can Armand believe a word out of his mouth?

Customer Reviews

Even though this story is slated as a 'Wolves of Stone Ridge', it's all about Borscht's coven nearby.

This is a continuing story of what happened when General Parker was captured, along with Zakhar's beloved. So as this story opens, the General is captured yet his involvement with shifter experiments and funding is still up in the air. Armand is Zakhar's beloved. There's little background on either guy besides each mentioning family. Obviously Armand will be leaving the military and no idea how he feels about that or what he'll do next. Armand's life has drastically changed yet he's 100% on board with bonding Zakhar. Despite the many pages devoted to their possessive claiming, when the story ends, the bonding isn't complete. So there are enemies in their coven, bodies to dispose of, intelligence is still being gathered with the general's financials. . . . And the story ends like a chapter book. I closed my reader and couldn't believe it. THAT'S IT?' A friend loaned me her copy. I can't recommend this story. - Dan's Wife

Too short, hanging in more than one story line... including this relationship. I'm used to the leads into other stories in all of these series but they are getting shorter with more abrupt endings even for the main characters. Liked the story just wish it had more and a better end completing this couple

Really like this book, one of my favorite book so far. Look forward to the next one.

Awesome read loved it!
