How To Win The Lottery 10 Out Of 10 Times, Everytime!!!: BEST SELLER!!!

Synopsis

Richard Lustig a seven-time lottery grand prize winner says he's been playing the lottery for about 25 years. He claims to play every day, but in the first few years, he says he was not winning very much. So Lustig decided to come up with a method, which he claims has helped him win seven grand prizes, including his last jackpot of \$98,000 two-and-a-half years ago. "The research is not that easy, it takes some time. Anything in life that's worth having takes time,"

Customer Reviews

It's literally nothing more than a few paragraphs that quote Lustig when he talks about the importance of picking your own numbers. Nothing more. Imagine if I wrote "It's important to pick your own numbers. Don't buy quick picks" and then published that sentence for sale on Kindle....because that's what they did. Total con job.
