Customer Reviews

Jajajajaja! This book is full of great designs and hilarious Spanish swears! The pages are thick and the black background really makes the colors pop. So far, I've used gels pens and makers and I've had awesome results. I've also attached some interior pics of the book. I received this book at a discount in exchange for an honest review and its definitely worth purchasing for anyone who likes swear books and sugar skulls!

This coloring book it's awesome! I've enjoyed it a lot. I love that the pages inside are black so when you color the colors really stand out. The pages are hard but easy to color on. I've used even acrylics on it and it looks amazing. And yes, is really good for thou days everything annoys you!

Haha. Now I have to say if you know Spanish this swear book it's R rated. Lol. And the pages are easy to rip off if you want to give one to someone else. I recommend you get this if you're looking for something to waste a bit of time in.

Sweary Skulls: A Spanish Swear Word Coloring Book is so cool; the sugar skull designs are awesome. Each page has a black background so the colors seem to stand out and the pages are very thick, and each page has some Spanish swear words on them. I just wish I knew Spanish so I wouldn't have to look up the words but then again when I am done with this book I will know a lot of Spanish:) this coloring book is truly awesome. I received this product at a reduced price for my honest review

As an adult colorer, I love finding a fun coloring book. This is definitely one to add to your coloring if you like Spanish curse words/phrases and sugar skulls. Pages were decently thick with black background in front and back. Cover has a nice suede feel and slim for easy travel. It is definitely worth every penny. Great quality!

I have, to be honest... I don't think that one or two of these "sweary" phrases are used correctly. However, I do not care because I love it! The coloring book is made from high quality. It is obvious that the seller is going for quality over quantity and I could not be more happy with anything I have ordered. The cover is thick and durable as well as the inside pages. The paper that was used to form the inside matter seems to be comprised of a certificate style paper. The designs and detail are something that we would see in traditional sugar skull figures and art. Very reminiscent of Dia de Los Muertos. I was a bit shocked to see that all 'sweary' words were not Mexican, but then after doing a double take and checking the cover I realized that the product claims to be a 'Spanish swear word coloring book' so then I had to be at peace with this fact. After all, all Latinos swear in one form or another in Spanish (right?). If you have a "sailor's mouth" and you refuse to grow up... well, this coloring book is for you! The coloring is very zen-like while the swear words give this item an edge which is important for those of us (grown-ups) that still love this activity. I recommend the Sweary Skulls coloring book for all those who want to do some very cool, hardcore coloring! I received the Sweary Skulls coloring book at a discount for testing purposes in return for an honest and unbiased review. The views and opinions on this review are solely mine and are in no way influenced by the price I paid.

First off let me say how relaxing and meditative adult coloring is. Its a great way to wind down after a hectic day. Next , how fun is the Spanish swearword thing? I like to vacation in alot of Spanish speaking countries, cruises mostly. I can learn the swear words and listen for them with the other few words I know. I love this theme! Disclosure: I received this product for free or on a promotional discount for my honest review and they are 100% my own opinions. However everyone has their own opinion on this product. I did not receive payment otherthan receiving the product at a discounted rate and I am not required to give a good review. I have had so much fun coloring in this book at work! It has really helped to pass the time and the looks on my coworkers faces as they try to pronounce the phrases in the book and then ask what does that even mean?! It helps give me a good laugh here and there!

I have started ordering these coloring books for my Holiday gifts for my family, I personally bought one for myself then fell in love with the quality and price!!! These have a silicone feeling outer coating on the coloring books which I love!! Its such a nice texture on the outside of a coloring book. I ordered this book for my sister as she only cusses in Spanish.. I think it will be super cute for the holidays. This swear word/ in Spanish adult coloring book , has multiple different styles of fantasy coloring pages. They are all black pages with black, grey, or white out lines for the pictures. The pages are not two sided, The front you color and the back looks like a wall paper design. Love these. They are going to be a hit for the holidays!!! I did receive this adult coloring book at a free or discounted price for my 100 percent honest opinion of it. I am in no way affiliated with the maker or seller of this adult coloring book. I receive no monetary compensation for my reviews.
