Customer Reviews

This bundle of books are about the arts of seduction. They are well written. There Erotic women on women stories. I enjoyed reading every single story. I received a copy of this book in exchange for an honest review.

This is the story of two room mates sharing a place but not their lifes until Priscilla ask her room mate Josie to teach her the art of seduction.But they both ended seducing each other.I got this book as a ARC from the author an excellent read

Nice storylines. Writer appears to have done research so events in storylines are correct and relevant. Could use some editing to correct words a spell check won't catch. Overall much better than most other authors in this genre. ^

Very well written and done with believability and an actual story. It was sensual and provocative , and left this reader wanting more...

The writing is excellent and clear. The story is easy to read and consumes your thoughts as you follow the plot. Wonderful. Thank you.

Good book is always well written this author knows how to keep your attention

A couple of the stories were new. Otherwise stuff I had already read.
