Classic Coloring: Alice In Wonderland (Adult Coloring Book): 55 Removable Coloring Plates

Synopsis

Take a trip down the rabbit hole and relive your favorite moments from Lewis Carroll's classic tale of wonder and madness as you color in scenes and quotes from Alice in Wonderland. Based on the iconic drawings by Sir John Tenniel, this adult coloring book contains fifty-five illustrations that are printed on heavy paper suitable for pencils, markers, and watercolors. The tear-out pages, which fit into a 6 x 8-inch frame, let you share and display your love of all things Alice.

Customer Reviews

I am a big fan of Alice in Wonderland designs and was really pleased to purchase this book. It has black and white illustrations by John Tenniel from both "Alice's Adventures in Wonderland" and "Through the Looking-Glass, and What Alice Found There." The size of the book is great, too, as it is easily slipped in my shoulder bag for taking on-the-go. I will go into more details below if you are interested in knowing more, but as an overview, this is what I found in this coloring book: 55 designs printed on one side of the pages. The pages are heavyweight card stock, smaller format book, heavy cardboard back cover, book is glue bound in a way that allows you to easily remove pages in whole. Alcohol-based markers bleed through the paper, water-based markers, Pitt India ink pens, and gel pens do not bleed through. Coloring pencils work fantastic on the page. The designs in this coloring book are fun and easy to color. Alice is an iconic story book character that is well-loved by many. For my first project, I choose to go with traditional colors but I will venture

further into my own color palette as I progress through the book. I found it rather like adding color to old black and white photos and chose to use markers rather than pencils at first. The designs in the book are printed on one side of the heavyweight card stock. The coloring book is smaller than usual at 8 x 6 x .5 inches. The back of the book is a heavyweight cardboard that gives me a good coloring surface when coloring while out and about. Most, but not all, of the pages give text about the image and refer to the book from which it was taken. The binding is glued in the fashion of notepads.
