The Mallory Series is a collection of stories that are entertained to tell the story of the Mallory Men and the women in their lives. It starts out with a suicide attempt by the eldest son Jakob, a coke head who has given up on life. Little did he know that the small spitfire of a woman who rescued him would be the one to show him how to live. She rips him from the bowels of drug addiction and helps him beat the habit. Jakob and Quilla fall for each other hard and fast, but the sins of Jakob's past catch up to them causing chaos at every turn. They go from happy couple in love who can't keep their hands off of each other to frightened prisoners of their own home in a millisecond. As soon as Jakob's psychopath business partner Gregor meets Quilla all bets are off. A trigger is activated in his brain that causes him to pursue Quilla with the purpose of hurting Jakob like he did to Gregor

many years ago. The reader is introduced to all of the Mallory men throughout the series, not an ugly duckling in the bunch. The Patriarch, Ran must have some great genes because his boys are smoking hot! They are all billionaires, but live as normal as possible. No swanky high society parties and posturing with these boys. They are ruggedly handsome, yet approachable and kind hearted just like their pop. All except the resident Hollywood heartthrob, Kit who lives in LA away from the family who reside in Seattle. When Kit finally finds true love again, tragedy strikes leaving the family, especially Kit's twin brother Joel, reeling. Joel loves his son, tennis superstar Skandar and has devoted his life to coach in him to become one of the best in the world. He is a loving single dad who is very involved in his son's life, not just his career.
