## Customer Reviews

I read this book so many times in third grade that I knew it by heart! I love the way that Mr. Dahl "alerts" you to the danger of witches. After I read the book for the first time, I began to watch people for signs of being a witch, including my teacher. THIS BOOK SHOULD BE IN EVERY LIBRARY! It doesn't scare little kids because it has a happy ending, though open ended. I think I even enjoyed being scared. I went on to read the rest of Mr. Dahl's books. I'd give this one two thumbs up

I got this to help my girlfriend learn Spanish and it has been great. Great for learning grammar, lots of interesting words to extend the vocabulary (and it's a great story!)

I first read this book in elementary school, in 2nd grade. Since then, I've always made sure to read it at least once a year. It's almost become a tradition! I LOVE Roald Dahl's books, and I incorporate him in my life. For my speech team, I performed a poem from "Charlie and the Great Glass Elevator" and won 2nd place! I think every child should read this book at least once in their lifetime.

Trying to improve my Spanish language comprehension with great material. Roald Dahl clearly a brilliant author.

I love Roald Dahl books! Different read for kids to wrap themselves around. Love it!
