Detective Comics - The 1937 Series  
Detective Comics is the title used the American comic book series published by DC Comics from 1937 to 2011 and was best known for introducing the superhero Batman in Detective Comics #27 (cover dated May 1939). The original series published 881 issues between 1937 and 2011 and was the longest continuously published comic book in the United States. Originally an anthology comic, in the manner of the times, Detective Comics #1 (March 1937) featured stories in the "hard-boiled detective" genre, with such stars as Ching Lung (a Fu Manchu-style "yellow peril" villain); Slam Bradley (created by Jerry Siegel and Joe Shuster before their character Superman saw print two years later); and Speed Saunders, among others. Detective Comics #27 (Cover Date May 1939) featured the first appearance of Batman. That superhero would eventually become the star of the title, the cover logo of which is often written as "Detective Comics featuring Batman".

## Customer Reviews

Enjoyed seeing the covers from the 60's, Neil Adams is a master...the dark knight at its best, the first appearance of Clayface was awesome too.
