I've been looking for some extra work which I can manage it at home. This book teaches me and made me understand what is drop-shipping all about. This book helps me locate supplier for my products and it even explain some sales process. It has trade information which I find it very helpful and some Sole proprietorship advice's. Nice book.

A friend recommended this book to me after he read it and started putting it's advice into action with profitable results and I am glad he did. The book is incredibly insightful and filled with a great deal of information that simplifies the drop shipping business so that everybody can understand and use the business model to their benefit. It's easy to understand, written with a lot of real world applications and tricks/tips that will make your efforts of turning an idea into a verifiable and profitable online dropshipping business

King never let me down. He has brilliant and productive ideas about finance and business. This is

the second book that I got from him, the first one was about gold investment, it really strikes my interest and gave me some investment ideas about gold. I have been googling about starting retail arbitrage but all I got are vague. This book is clear and concise in giving practical steps on starting dropshipping. It also gives advantages and disadvantages of popular online selling platforms such as fba, ebay and shopify.

This book explained well what dropshipping is and how it works, through this book you can able to learn everything you need to know about choosing the right product and suppliers. It's a must read if you want practical advice and a clear blueprint to help you grow your business. I would completely recommend this book to anyone who's looking to get great resource to know more about dropshipping businesses.
