Synopsis

Guaranteed to have you selling again within minutes, this 2016 Ebay Suspension Guide has the crystal clear, step by step directions to getting you back on Ebay with ease. Simply put, it contains absolutely everything you need to know to beat an Ebay suspension, and allows you to make as many stealth accounts as you please! Just like the hundreds of thousands of sellers who have been suspended on Ebay, you are probably going frantic, searching for answers all over the web, running into blog after blog, all of which leave you with a lack of information, or a hefty price to pay. You will not find a free way to beat an Ebay suspension, as there are way too many people who are searching for answers as to how to get back on. That is why this Ebay suspension guide is very reasonably priced, and is guaranteed to have you back on within minutes of finishing it. Ebay stealth is all about using completely different information, but legally of course! There are a number of different things you will have to change when signing up for a new Ebay and Paypal account, all of which this book describes. Here is what you will learn in this Ebay Suspension Guide: 1.) How to delete stored information from your computer that Ebay and Paypal Installed to track you 2.) How to change your I.P. Address 3.) How to change your physical address 4.) What to use in place of your Social Security Number 5.) How to instantly get a new, FREE Credit/Debit card to use for Paypal 6.) How to instantly get a new phone number for free 7.) What to do when Ebay or Paypal ask you for your Drivers License, and other forms of identification Whether you are computer literate or not, this Ebay suspension guide is very easy to understand! If you happen to have any questions by the end of this book, I have left my contact information just in case. I will personally help you with whatever it is you need, and right away. For many Ebay sellers, being suspended on Ebay can be devastating, especially when there is no good, particular reason for having been kicked off in the first place! What makes things even worse, is that Ebay suspends you indefinitely, without any regard as to how it may have destroyed your financial life. Ebay simply does not care about you, or what your money is supporting. You get no second chance, and you are left for dead. Well, now is your chance to fight back, and come back at Ebay with as many different accounts as you please. You will never have to worry about being suspended on Ebay ever again, nor will you have to worry about beginning seller limits. Again, this is your chance to get back on Ebay and start selling again! Enjoy!
