Ross Penhall's Vancouver, Surrounding Areas And Places That Inspire

Synopsis

A collection of 120 paintings by renowned artist Ross Penhall that celebrates the identity and spirit of Vancouver. Also included are paintings of inspirational places across Canada, the US and Europe, including the California Coast, the Prairies and the Italian countryside. Ross Penhall's Vancouver combines stunning imagery, tribute and personal history to create a portrait of the city through an artist's eyes. Ross Penhall was born and raised in Vancouver, where he has had two separate and successful careers as a fire captain and now as an internationally recognized painter. Visitors and residents alike will look at Vancouver in a new way after they see it from Ross' unique perspective. Whether it's a row of hedges on the corner of someone's yard or the cascading rocks at Spanish Banks, Ross finds endless inspiration in the city where he lives. In addition to paintings of Vancouver, there is a chapter on Surrounding Areas that focuses on the scenery of the Interior, Vancouver Island and Coastal British Columbia. The final chapter, Places That Inspire, includes paintings of the Pacific Northwest of the United States, the Canadian Prairies and landscapes from Ross' travels abroad. For lovers of art, for lovers of Vancouver and for anyone who looks for beauty in the everyday world, Ross Penhall's Vancouver is a book that will continue to captivate readers long after they first open it.

Customer Reviews

I've been a HUGE fan of Ross Penhall's art since I saw it featured in an art magazine a decade ago. For years I've craved a Ross Penhall ... but I'm not eligible for original paintings that cost thousands of dollars, and he didn't have any posters/ giclees ... until now! Now I can, and soon will, frame

several of his pieces. They'll be smaller pieces (size 8"x10" and smaller), but that's waaaaaay better than nothing, which is what I had before. (Well, other than the image I scanned from the magazine and have used on my home computer's "wallpaper.") I am SO GLAD he made a beautiful coffee table book. Something about the style and colors of his trees, grasses, shade/light, with the occasional road thrown in, really makes something in my brain buzz with happiness. After looking through the book, I also noticed that my favorite (and way more expensive) Motawi art tiles and originals (I got them for \$99 hanging in a Thai restaurant) from JR Harris are quite similar. Complimentary but not matching. It's a delight to the rest of us when artists make affordable, quality reproductions of their work available to the masses. Thank you to everyone who helped this work come to print.
