# Federal Civil Rules Supplement: 2016-2017, For Use With All Civil Procedure Casebooks (Selected Statutes)

## Synopsis

This supplement provides a compact and concise compendium of all of the Federal Rules of Civil Procedure currently in effect and also makes reference to some minor amendments scheduled to take effect December 2016. This is done through interlineation, permitting users to see the pending amendments as a markup to the text of the current rules. It also includes the U.S. Constitution and key provisions of Title 28 of the United States Code. The book's small size and text that is limited to the body of rules and statutes make it a convenient resource for students in civil procedure and complex litigation courses who need quick and easy access to relevant statutory provisions during class or for their studies or exams.

## Customer Reviews

When I opened the package the cover was bent in the corner despite this being a "new" book. Disappointed by that.

This was sold as "new" but arrived in a pretty beat up state
