Customer Reviews

This book is a satirical page turner that is very relevant to the American presidential race of 2016. Everyone is called to witness the trial where the Plaintiff is the public from all walks of life represented by Attorney Otto. He has six hand picked witnesses, the most prominent is Guy Arthur. Judge Bacchus, the Public Defender and the Jury act their laughable roles, while the author with a finger, is poking fun at the judicial system and politics in America where reform should be the responsibility of everyone, but it is not. Who is guilty allowing the state of the economy, education, art, social ills and more, to fall into a path of deterioration?â œGood citizens of America...

Democracy has failed. The promises of our forefathers were no more than whispers in the night. Life, liberty and the pursuit of happiness were mere sweet nothings, designed to butter us up.. Are we really free, or just slaves to the illusion of the American Dream? Who here, doesnâ™t expect more from this life? Where did the time go, when values weighed more than gold?.. How many of us have traded our wild spirit for the cold comfort of a cubicle? When did celebrity become the talent and not talent the celebrity? When did inequality become acceptable?â•œ Society isnâ™t what it used to be, and the only way to justice is through the courts joining the lawsuit. Everyone join everyone against everyone, in the class action lawsuit of Everyone versus Everyone, and letâ™s settle this once and for all. For the promise of a better tomorrow.â• Within twenty-four hours, the story of the trial went viral. The whole country was caught up in the mania. The first to sign on with the Plaintiff sensed little risk but great reward if they won. Eventually, even the sceptics joined in, for fear of being left behind.
