## Customer Reviews

This is the follow up book to the original Icons and Masterpieces from Querkles. This is an oversized adult color-by-number book featuring a collection of animal portraits created exclusively from circles. What I love the most about Querkles is the possibility for getting really creative with your color choices! You simply choose 5 colors, from dark to light, and fill in the circles accordingly. It's a fun way to spend the evening, focusing on creativity while the troubles of the day fade away. I really enjoy these books, and highly recommend them if you are looking for something new to color.

I'm a huge fan of Querkles and the more I can get, the better I feel. These do not disappoint at anytime and provide a huge amount of enjoyment spanning hours. Great stuff.

So much fun! It is a lot easier than it looks. The results are amazing.
