# Pick 4 Lottery Charts - Florida: The Daily Cheat Sheet (Play 1-3 Days Only)

## Synopsis

This Pick 4 strategy really works, i have back tested 29 states in order to come up with those lottery charts. Look for the pick 3 version called: The Daily Singles And Doubles Chart. Many of us dream about winning the lottery. The idea of suddenly having enough money to do all the things we ever wanted, travel to exotic locations, buy a big house and a nice car (or two nice cars) is appealing and intoxicating. In this lottery e-book you aren't promised a fantastically big win, or that you'll be able to give up the day job any time soon. What you will get, however, is 2 charts which will make it easy for you to play singles on one and doubles, triples or quads on the other. Uniquely designed like a calendar it is a simple idea where you choose the line according to the date and play the numbers for that date. With 29 different e-books to choose from, you can select your own state and get playing immediately. There are no formulas to work out and no complicated equations. \*Look for the lottery e-book for your state like this: EX: Pick 4 lottery charts + Georgia \*Simply use the numbers for the date you are playing, and wait for the draw. \*Very easy, as there are no formulas....What you see is what you play ! \*Play these winning numbers for 1-3 days only. \*Always play box and straight. \*When you win, share your stories with others. \*If you keep at it, you will see wins...be patient ! \*Many past and recent customers on my sites are winning with my lottery strategies, so you can be sure that you too...will be a big lottery winner ! \*If you want to be a consistent winner, i have Pick 3, Pick 4 and Pick 5 investment programs...Contact me for more details or go on my different sites. You never know what might happen. That jackpot might be just around the corner. Thank you and Good luck !
